Book File Details:

Review: I found this book to be very informative. I especially like the portions regarding decentralization. How the banking system worked to minimize the Great Recession was a good example of how it was bailed out and perhaps for our Justice Department and the Federal Trade Commission to take a hard look at mergers - monopolies. The facts regarding The New...

Description: Tells the story of how America's biggest companies began, operated, and prospered post-World War I. This book takes the vantage point of people working within companies as they responded to constant change created by consumers and technology. It focuses on the entrepreneur, the firm, and the industry, by showing—from the inside—how businesses operated...
